

ROHS Compliance Certificate

Evaluated design

Design File: ENERGIS_DisbRd_Rack-PDU_1.1.0.brd

Evaluation Date: 9/26/2025 9:10 PM

Total Components (placed): 85

Evaluated (excluding Not mounted): 54

Compliant Components: 54

Evaluation Criteria

Each populated component is checked for the ROHS attribute. Accepted value is YES . Any component with a missing ROHS attribute or a value other than YES is considered non-compliant for this report. Components marked as DNI are excluded and listed as Not mounted.

Final Statement

Based on the attributes present in the EAGLE board file at the time of export, this design is considered:

RoHS COMPLIANT

This certificate reflects only metadata embedded in the project and does not replace manufacturer documentation.
