

ROHS Compliance Certificate

Evaluated design

Design File: ENERGIS_Rack-PDU_1.1.0.brd

Evaluation Date: 2025-11-26 8:04 PM

Total Components (placed): 455

Evaluated (excluding Not mounted): 370

Compliant Components: 370

Evaluation Criteria

Each populated component is checked for the `ROHS` attribute. Accepted value is `YES`. Any component with a missing `ROHS` attribute or a value other than `YES` is considered non-compliant for this report. Components marked as `DNI` are excluded and listed as Not mounted.

Final Statement

Based on the attributes present in the EAGLE board file at the time of export, this design is considered:

RoHS COMPLIANT

This certificate reflects only metadata embedded in the project and does not replace manufacturer documentation.
