

1. Hardware Configuration

Overcurrent Protection
Thresholds

```
graph LR; A[Overcurrent Protection Thresholds] --> B[1. Hardware Configuration]
```

The diagram consists of two rectangular boxes. The box on the right is gray and contains the text 'Overcurrent Protection Thresholds'. The box on the left is white with a black border and contains the text '1. Hardware Configuration'. A black arrow points from the right side of the gray box to the left side of the white box, indicating a directional relationship or flow from the thresholds to the hardware configuration.
